

Declaration for the Position of the President of the Republic of Cameroon

Date: 23/7/18

Dear Cameroonians,
Fellow members of the NCDPC,
Dear brothers and sisters,

I, Therens Forjindam stand before you to ask for your confidence vote to lead our nation to its better days.

The reasons that I am the right person for the job are as simple as the explanations that follow:

1- I was born a Cameroonian and never held a citizenship in any country. So, I decided to run for the position of the President of the Republic of Cameroon;

2- I am a thirty-nine (39) years old male who had witnessed one type of government in Cameroon, that of the dictatorship. I watched the failure of the dictatorship to fulfill its 35 years of repeated promises to the people of Cameroon, who since 1982 had witnessed series of stones thrown all over the national territory within the politics of le Renouveau. So, I decided to run for the position of the President of the Republic of Cameroon to fulfill all those long awaited and denied promises, and to end the dictatorship;

Let's Build Cameroon®

3- I hear the cries of my fellow compatriots within my conscience and in my inner soul and spirit. So, I decided to run for the position of the President of the Republic of Cameroon to stop all these cries once and for all;

4- I stood by and watched the "gaming politics" that took place in Cameroon and is still continue. I couldn't stand it and can't take it anymore; for it is a wrong to the future generations. So, I decided to run for the position of the President of the Republic of Cameroon to stop this "gaming politics";

5- I watched the national spirit of my compatriots hits its lowest point for a nation of people that has a reputation for being Lions and hard working. I watched the spirit decreases to its lowest, I watched the dictator speaks to walls at a UN meeting, I watched a country with no leadership and accountability and lack of vision; I watched a nation that has filled its homes with sectarianism and tribalism; a nation where kleptocracy lives and sucks off the people till the people can't stand nor seat anymore. So, I decided to run for the position of the President of the Republic of Cameroon;

6- And, I decided to run for the position of the President of the Republic of Cameroon because I am special.

Dear Cameroonians, dear party members, my brothers and sisters, with the stated reasons, I Therens Forjindam will very much appreciate leading you the people of Cameroon and our beloved nation Cameroon to its better days.

May God Bless Cameroon!

First Secretary General of The National Council for Democracy and Progress of Cameroon.

Mr. Therens Forjindam
